The Colleges and Universities of Iowa

*Reach into a day on a college campus
and you can find a memory*

The rustle of leaves on a fall day on an early morning walk to class, a phrase of a professor's lecture drifting through an open window, the sudden surge of sound over a stadium as a skittering halfback finds room to run, bright sweaters, skirts, black caps, black gowns, rainbows of color at the spring dance, the drone of conversation over coffee, browsing over crisp new pages at the book store, the slap of notebooks closing as a class ends, late hours and books and lectures full of words and numbers to read, report and comprehend.

The sights and sounds of education! In Iowa, you can see and hear them at the state and private institutions of higher learning. And amid their trappings and traditions, the pomp and circumstance of graduations and long lines of enrollment have grown standards of education that are second to none.

Iowa supplies a strong base for higher education — its public and private schools have given the state the highest functional literacy rate in the nation — and the citizens of Iowa, who traditionally have believed in the benefits to be derived from institutions of higher learning, willingly support them. That willingness to give young people opportunity to grow and develop in their native state has permitted Iowa's higher educational system to achieve a stature which cannot be measured by wealth or recorded in numbers, though these alone are impressive.

The State University of Iowa, Iowa State University, State College of Iowa and the 24 private colleges and universities and the 23 junior colleges had a total enrollment of 58,417 students in 1962.

But more important than the numbers is the opportunity — opportunity for Iowans to grow in the knowledge, capacity and training beneficial to themselves and to their state. The record of distinguished service to Iowa and to the world which Iowa colleges have made during the past century is but a prologue to what lies ahead. The next 100 years will bring many new responsibilities and great opportunities for service.

IMPORTANT NOTICE

GIVING UP PARTY LINES IN AN EMERGENCY

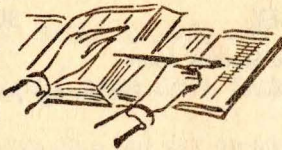

The Iowa law relating to intentional obstruction of emergency telephone calls reads as follows:
Section 1. For the purposes of this Act, the following terms have the meanings ascribed to them: 1. "Party line" means a subscriber's line telephone circuit, consisting of two or more main telephone stations connected therewith, each station with a distinctive ring or telephone number. 2. "Emergency" means a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential.
Section 2. Any person who shall intentionally refuse to relinquish immediately a telephone party line or public pay telephone when in-

formed that such line or telephone is needed for an emergency actually existing as defined in Section one of this act, for use in calling a fire department or police department, or for medical aid or ambulance service, shall be fined not exceeding one hundred dollars, or be imprisoned in the county jail not exceeding thirty days.
Section 3. Any person who shall secure the use of a telephone party line or public pay telephone by falsely stating that such line or phone is needed for an emergency call shall be fined not exceeding one hundred dollars or be imprisoned in the county jail not exceeding thirty days.

HELPFUL INFORMATION

USING THE DIAL TELEPHONE

1. Look up and jot down the number. Keep it in front of you to help prevent dialing a wrong number.

2. Listen for the dial tone. It lets you know the equipment is ready to handle your call.

3. Dial the number as it is listed. Be careful not to confuse the numeral "0" (zero) with the letter "O".

In some exchanges you may omit the first two digits when dialing a local call. See Instructions for your exchange at the beginning of your listing section.

After dialing you will hear . . .

The ringing signal—a soft "burr-r-ring" sound repeated at intervals. It means that the telephone you dialed is ringing. Give your party time to answer—about ten rings—before you hang up.

Or the Busy Signal—a steady "buzz-buzz-buzz" sound. It means that the telephone you dialed is in use. Hang up and dial again later.

WHEN YOU HEAR A "BEEP" TONE

If you hear a high "beep" tone over your telephone about every 15 seconds it means the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without this tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want your conversation recorded, ask the person with whom you are talking to disconnect the recorder.

ATTACHMENTS to TELEPHONES

All equipment needed to provide telephone service is owned and furnished by the Telephone Company. In the interest of safety and good service, no attachment to the Telephone Company's lines or apparatus is permitted which may . . . (1) damage, require change in or alteration of, or involve direct electrical connection to the equipment or other facilities of the Telephone Company . . . (2) interfere with the proper functioning of such equipment or facilities, or impair the operation of the telephone system, or in any other manner injure the public in its use of the Telephone Company's services . . . (3) endanger the public or the Company's employees.

BLUE BOOK of TELEPHONE NUMBERS

To help keep numbers handy for placing local and long distance calls, just call or write your Northwestern Bell Telephone Co. Business Office for a personal telephone directory, "Blue Book" of numbers.

If you want the numbers of out-of-town persons or firms, they will be glad to provide them. Send a list of their names and addresses to your Business Office. They will add their telephone number and return it to you.

Your TELEPHONE NUMBER is IMPORTANT

It pays to make it easy for your customers to reach you. Why not include your telephone number on your stationery, statements and advertising pieces? Show your Area Code, too—it helps persons in other cities to call you faster.

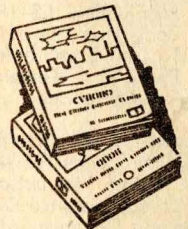

TELEPHONE DIRECTORY

If your telephone directory is no longer serviceable, please call your Business Office for replacement at no charge.

Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the Telephone Company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided for in its filed regulations and tariffs.

OUT-OF-TOWN DIRECTORIES

Directories of other cities can be obtained at a nominal cost. Your Business Office will be glad to order any you wish.

TELEGRAMS by TELEPHONE

In some exchanges, telegrams, cablegrams or radiograms may be phoned to the Western Union Company and charges placed on your telephone bill. Call your Business Office and ask if this service is available in your exchange.

RATES and REGULATIONS

Regulations and tariffs governing the furnishing of services by the Telephone Company are on file in your Business Office. If you wish, a representative will be glad to assist you in obtaining information from them.

TELEPHONE PROGRAMS

Motion pictures, building tours and demonstrations are available free of charge to schools, church organizations, civic clubs and other men's and women's groups in N.W. Bell exchanges. Call the Business Office for a descriptive catalog.

LONG DISTANCE Calls

TYPES OF CALLS

STATION-TO-STATION

Call station-to-station if you wish to talk with anyone available at the telephone you call. Rates are lower than person-to-person. (Customers having direct distance dialing can dial their own station-to-station long distance calls.) Charging begins when someone at the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you want to talk to a particular person or reach someone at an extension telephone. Rates are higher than station-to-station. Charging begins when the called person or someone at the extension answers.

COLLECT

If you want to call "collect", please tell the operator at the time you place your call so she can obtain approval from the person you are calling.

REDUCED RATES

Reduced rates are in effect on most station-to-station calls and out-of-state person-to-person calls every night from 6 p.m. to 4:30 a.m. and at all hours of the day on Sunday and on the holidays of Thanksgiving, Christmas and New Year's Day.

CONFERENCE

You can talk with several people in different places at the same time. Just tell the Long Distance Operator you want to make a conference call.

OVERSEAS CALLS

You can call practically all the world's telephones from your telephone. Tell the Long Distance Operator you wish to place an overseas call and give her the name of the country and city you are calling. Reduced rates apply on calls to many countries during certain night hours and on Sundays.

WHEN YOU PLACE A CALL WITH THE OPERATOR.
For faster Long Distance service, give the Operator details of your call in this order: 1. The Area Code. 2. The telephone number you want. 3. Your number, when she asks for it.

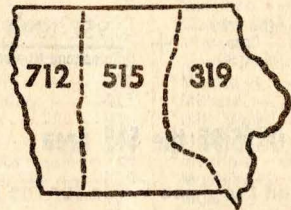

DIRECT DISTANCE DIALING IN AMES

A new and faster way of placing station-to-station long distance calls.

Ames Telephone users can now dial direct to any one of more than 76 million telephones throughout the United States and Canada—almost as easily as dialing a next door neighbor.

For more information, see page 4.

CENTRAL IOWA IS THE 515 AREA

HOW TO USE AREA CODES

To speed the completion of long distance calls—by customers or Operators—the United States and Canada have been divided into over 100 long distance dialing areas—each with a three-digit number. Customers in this directory are in the 515 area.

These codes are used to call from one telephone area to another when the number being called has two letters and five numerals or seven numerals. It is not necessary to use the Area Code when calling another telephone in the same telephone area.

In Ames, when you dial a long distance call to a city that is outside your own area, it is essential that you also dial the area code or your call cannot be completed. (The area code is not needed on calls to cities within your own area 515.)

When you place a call with the Operator, give the area code, then the telephone number you are calling. (On calls in your home area—515—it is not necessary to give the area code.)

A list of some 3000 places and their area codes begins on page 5.

DIRECT DISTANCE DIALING IN A M E S

For station-to-station Long Distance calls only — not from public telephones.

(For other types of calls, dial "Operator")

HOW TO DIAL YOUR CALL

On Calls WITHIN the 515 Area

Dial 1, then the telephone number. (Do not dial Area Code 515)

For Example:

$$\begin{array}{c} 1 \\ \hline \text{DDD} \\ \text{Code} \end{array} \quad \begin{array}{c} \text{(No Area} \\ \text{Code} \\ \text{Dialed)} \end{array} + \begin{array}{c} 952-1346 \\ \hline \text{Telephone Number} \end{array}$$

On Calls OUTSIDE the 515 Area

Dial 1, then the Area Code for the place you are calling and then, the telephone number.

For Example:

$$\begin{array}{c} 1 \\ \hline \text{DDD} \\ \text{Code} \end{array} + \begin{array}{c} 415 \\ \hline \text{San Francisco} \\ \text{Area Code} \end{array} + \begin{array}{c} 555-2368 \\ \hline \text{San Francisco} \\ \text{Telephone Number} \end{array}$$

Give the Operator YOUR number

Before the called telephone rings, an operator will ask "Your number, please?" Be sure to give her the number of the phone you are using—all seven digits.

If you reach a wrong number

Ask the person who answers what city you have reached. Then dial "Operator" immediately and tell her. She will see that you are not billed for the call.

If the phone you dial is busy

... or when no one answers or when, for any other reason, your call is not completed, no charge will be made.

Calls you cannot dial direct

Only station-to-station calls can be dialed. If you wish to make a collect call, person-to-person call, credit card call, coin telephone call or a call that is to be charged to another telephone—dial "Operator"

IF YOU DON'T KNOW THE AREA CODE OR TELEPHONE NUMBER

How to get the Area Code

A list of some of the places you can dial direct and their Area Codes begins on the next page. If the place you wish to call is not listed, dial "Operator" and ask if it can be dialed.

How to get the telephone number

You can dial direct to the Information Operator for cities that are starred(*) on the following pages. When the information Operator answers, give her the city, then the name and address of the person you wish to call.

If the place you are calling is not starred, dial "Operator" and ask for information in the distant city.

There is no charge for Information calls.

IF YOU NEED ASSISTANCE, DIAL "OPERATOR". SHE WILL BE GLAD TO HELP YOU

AREA CODES

THE AREA CODE FOR YOUR AREA IS 515

Dial the Area Code for the place you are calling when it is different from the one for the phone you are using.

Even when calls are placed with the Long Distance Operator, Area Codes will help complete them faster. Just tell the Operator the Area Code (if it is not your own shown above) and the telephone number you wish to call. If she needs to know the name of the place, she will ask you.

MODERN TELEPHONE SERVICES

The new and special telephone services described on these pages are designed to provide greater convenience and value for you at home and at work. For more information, just call your Service Representative in the business office or ask any telephone employee.

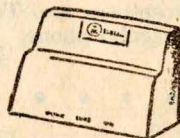

THE Princess PHONE

A stylish, compact addition to bedroom, living room or any room. For your convenience and security, the dial lights... softly glows in the dark so you can find the phone quickly. When you lift the receiver, the dial brightens for easy use. Available in beige, blue, pink, turquoise and white.

THE BELL CHIME

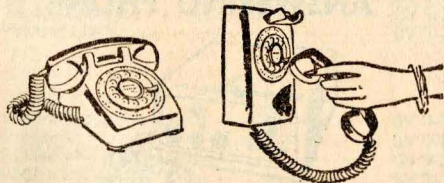

A perfect companion to the Princess, the Bell Chime can be centrally located to call you to any phone in your home. It can be switched to any of three settings... "CHIME" invites you with a musical tone to reach for the nearest phone... "LOUD" is a ring that can be heard outdoors... "LOW" is the familiar telephone ring. Available in ivory or gold.

THE HOME INTERPHONE

Answer the door, talk from room-to-room, call persons in the home to the phone and keep an "ear" on the children by using the nearest extension phone. Turning a tiny button on any phone enables you to broadcast your voice in other parts of the house. Your family can listen and reply "hands free" from wherever they are. A door answering unit saves hurried trips... gives you the security of a locked door between you and whoever is outside night or day. Available in Princess, table-top and wall styles (mix them if you wish) with color-matched speakers.

EXTENSION PHONE SERVICE

Enjoy the close convenience of extension service wherever your family works, sleeps or plays. Choose from the Princess, table-top or wall type phones in beautiful decorator colors to blend with or accent the color scheme of your furnishings.

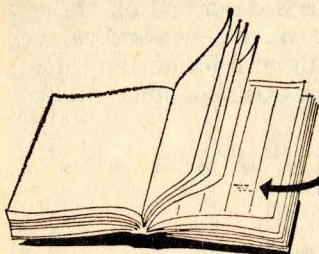

ADDITIONAL TELEPHONE LINES

A separate telephone line and number in your home or place of business make it easier for friends or customers to reach you. Ideal, too, for relatives living with you and for "teen-agers."

Separate personal listings in the telephone directory for family members, relatives or friends living with you, or key people and department heads in your business help others to locate and call them.

THE SPEAKERPHONE

A phone you can use without lifting the receiver. In offices... it frees both hands to consult reference material, take notes, etc. while talking... allows others to hear and take part in conversations and conferences. In the home... household duties can be continued while enjoying the use of the phone. Especially nice for long distance family get-togethers, too. To talk privately, you can use it as a regular phone.

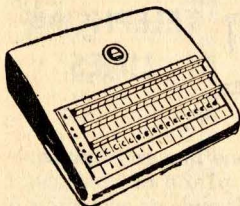

THE CALL DIRECTOR

A streamlined, functional piece of telephone equipment designed for today's business telephone service requirements. Versatile push buttons give you access to a number of lines, let you hold calls while answering others and permit signaling and conferencing arrangements. Available in three colors.

MODERN SWITCHING SERVICE

Whether you require telephone service provided by a push-button phone, a switchboard, or a complete dial system, we will be pleased to help you satisfy your communication needs.

AUTOMATIC ANSWERING PHONE

Keeps your office or shop open 24 hours a day... no need to miss important calls. This equipment automatically answers calls in your own voice and records messages left in your absence.

BILLS FOR SERVICE

Bills are issued monthly and are due upon presentation. They cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding the date of the bill.

PAYMENTS OF BILLS

Bills may be paid by mail or in person at the telephone office or at the following payment agency:

CARR HARDWARE, 306 Main.
UNION STORY TRUST & SAVINGS
BANK—Gilbert, Iowa.

BUSINESS WITH THE COMPANY

The Telephone Company Business Office is located at 510-5th, Ames. Office hours: 8:30 to 5, closed Saturday, Sunday and holidays.

Your account is handled by a Representative at your Telephone Company Office who will help you in any service requirement. She will arrange for new or additional telephone service, a move or disconnection of service, listings in the directory, and advertising. She will also answer questions about your bill or payments, and will furnish information on other telephone matters.

At all times when the Business Office is closed, calls for the Business Office will be answered by a representative who will arrange for the handling of business requiring immediate attention and for the handling of other business on the following business day.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams and radiograms to the Western Union Company and have the charges placed on your telephone bill.

TO CALL ANOTHER PARTY ON YOUR LINE

Dial the listed number. If you are on a two-party line, you will hear the busy tone. Then hang up and your bell and the called telephone will ring. If you are on an eight-party line, you will hear a high whistling tone. Then dial the "Party Code" number shown on the number plate on your telephone. Hang up and your bell and the called telephone will ring. The ringing will stop when the called telephone is answered. Then remove receiver and start your conversation. If no answer, remove receiver for a few seconds and replace it to stop the ringing.

BUSINESS WITH THE COMPANY

The Central Iowa Telephone Company Business Office is located in State Center, Ia. Office hours are from 8 to 5, Monday through Friday. Bills for service may be

mailed to the Business Office in State Center or paid in person at the **EXCHANGE STATE BANK** in Collins.

TO CALL A PARTY ON YOUR LINE

On completion of dialing, an interrupted busy tone indicates that the party being called is on your line and that you should hang up to allow the called station to be rung. Please wait 15 to 20 seconds before removing handset to talk. On answering a call, an interrupted busy tone indicates someone on your line is calling you and that you should hold the line until calling party lifts handset to talk.

BUSINESS WITH THE COMPANY

Office hours in Colo are 8:30 to 11:30, 1 to 4 on Monday through Friday and 9 to 11:30 on Saturday.

Bills for service should be mailed or paid

in person at the Telephone Business Office in Colo.

TO CALL A PARTY ON YOUR LINE

Dial 8—the last digit of your number—the last digit of the called number. Replace receiver. Your telephone and the called telephone will ring at short intervals. When your telephone stops ringing, your party has answered. Then remove receiver and begin conversation. If no answer, lift receiver and replace it to stop the ringing.

TO CALL A PARTY ON YOUR LINE

On completion of dialing, an interrupted
busy tone indicates that the party being
called is on your line and that you should
hang up to allow the called station to be
rung. Please wait 15 to 20 seconds before
removing handset to talk. On answering a
call, an interrupted busy tone indicates some-
one on your line is calling you and that you
should hold the line until calling party lifts
handset to talk.

A Brief History of Ames

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and North Western Railway) was built west to this community.

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and North Western Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 29 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callanan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as President.

The 1959 session of the Iowa Legislature approved a change in name to Iowa State University of Science and Tech-

nology effective July 4, 1959. The present total value of land, buildings and equipment of Iowa State University is about \$43,390,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1950 census placed Ames as a city of the first class with a population of 22,898 including college. The 1960 official census shows Ames with a population of 27,003. At the time of incorporation in 1870, there were 656 residents.

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and North Western Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service, located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State University, the Iowa State Highway Commission, Iowa Agricultural Extension Service, Soil Conservation Service, National Animal Disease Laboratory and Atomic Energy Commission.

Among recreation facilities in Ames are 3 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 3 public golf courses, 3 swimming pools, 3 bowling alleys, 1 skating rink, 1 billiard parlor, the Ames Golf and Country Club, the Ames Municipal Airport. 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

This home is tele-zoned with three extension phones for only about a dime a day. The main telephone is in the living room — extensions are located in the bedroom, kitchen and basement.

Better Living for You and Your Family

with "TELE-ZONED" TELEPHONE SERVICE

The TELE-ZONES of your home are the areas where your family lives, works, sleeps and plays. Telephones in each tele-zone save steps, trouble and time... give you new work-day and leisure time comfort... let you talk without disturbing others and without others disturbing you.

It's easy to plan tele-zone telephone service — your Service Representative will be happy to help you — just call the Telephone Business Office.

When you need

A PRODUCT OR SERVICE

If it's furniture just turn to "Furniture" in the "F" section. Look over the list of furniture dealers and then pick the dealer whose message, location, brand names, or other features appeal to you.

Whether you need a plumber or a florist, a TV repairman, a moving van, or any other product or service look under the appropriate heading . . . and you'll find them fast in the Yellow Pages.

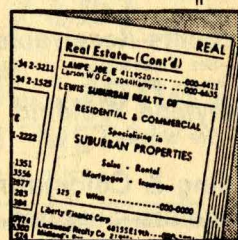

When you want to

FIND A FIRM WHOSE FULL NAME OR ADDRESS YOU'VE FORGOTTEN

If, for example, you have forgotten the name of a real estate company you want to call but remember the address, check the listings under "Real Estate" until you come to the address and you'll recognize your firm.

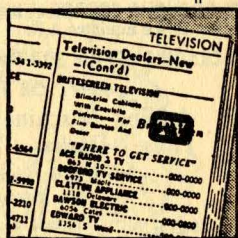

Perhaps you can remember only part of the name . . . that "Suburban" is in the firm's name. Look through "Real Estate" listings and you'll, no doubt, quickly recognize the full name of the company.

When you want to

FIND A "BRAND NAME" PRODUCT OR SERVICE

If you want to know who handles "Britescreen Television Sets" just turn to "Television Dealers" in the Yellow Pages and look for "Britescreen Television" in alphabetical order, with Brite-screen dealers listed under it.

When you want to

FIND FIRMS OFFERING SPECIAL SERVICES

Need a tow truck in the middle of the night? Or a plumber or furnace repairman? You can find them fast in the Yellow Pages.

You can find out which restaurants are open on Sunday, where to get an ambulance or chartered airplane, rent a post hole digger or a wheel chair. A look in the Yellow Pages can answer a lot of questions, save a lot of time and trouble.

**LOYALTY...SERVICE...FELLOWSHIP**

The Telephone Pioneers of America is a society of men and women each with 21 years or more in the telephone business. Pioneer members in this community have devoted most of their working lives to the job of providing dependable, ever-improving telephone service. This triangular Pioneer emblem reflects rich traditions of *loyalty*, *service* and *fellowship* vital to community and country.

COURTESY

We want your telephone service to be quick and good and cheap, but there is more to it than that. We want it to be courteous, too

No matter what the occasion, there is always time for a cheery "please" and a pleasant word of thanks. That is the Bell System way. It is one of the fine traditions of the telephone business.
